

Pre-Determination of Medical Benefits

This form will assist you in obtaining a pre-determination as to whether a particular service or supply will be eligible under the Johnson & Johnson Health Care Plan and if it meets the medical necessity and reasonable and customary guidelines. The processing time will usually be ten working days from the date this form and all necessary documentation are received by Aetna. However, in many instances, you may obtain a pre-determination of medical benefits by calling the Aetna member services phone number printed on the front of your Aetna ID card. Aetna will confirm the pre-determination of medical benefits in writing to you.

Determination of eligibility and fees will be based solely on the information you provide. *If the information on the actual claim differs in any way from the information you submit on this form, appropriate adjustments will be made.*

Payment of benefits is subject to the provisions of the Johnson & Johnson Health Care Plan, including eligibility, medical necessity, coordination of benefits, etc., at the time services are rendered. Aetna will not be able to process your request unless all of the necessary information is provided.

Instructions:

If you want to obtain a pre-determination, you should:

- Complete Part I.
- You or your provider should complete Part II. (If additional space is needed, a separate statement may be included.)
- Provide statements of medical necessity from the referring physician and the provider of service.
- Provide descriptive brochures for durable medical equipment and prosthetic devices, where applicable.
- Return this form with any required information to:

You may want to request a Pre-Determination of Medical Benefits for services and supplies such as:

- Inpatient or Outpatient Surgery
- Intravenous Therapy
(for example, for treating Lyme Disease)
- Maternity
- Hospice Care
- Durable Medical Equipment
(for example, wheelchairs)
- Pre-Admission Testing
- Physical, Speech, or other therapies
- Private Duty Nursing
- Ambulatory Surgical Care
- Home Health Care
- Other ongoing treatments

When you request a pre-determination of medical benefits, or submit an actual claim, several factors are used to determine how benefits would be payable:

1. Whether the service or supply is Medically Necessary.

The Johnson & Johnson Health Care Plan pays benefits only for eligible expenses that are determined to be medically necessary. Under the plan, "medically necessary" means a service, confinement or supply provided by a physician for the diagnosis or treatment of a sickness or injury and must be generally accepted by the medical community as appropriate for the condition being treated or diagnosed. The fact that a physician may prescribe, order, recommend, or approve a service or supply does not, in itself, make it medically necessary or make it a covered medical expense under the Johnson & Johnson Health Care Plan.

2. Whether the charge is Reasonable and Customary.

Reasonable and customary means the fee charged for similar services and supplies by most physicians and/or facilities in the geographic area where the services are provided. The Johnson & Johnson Health Care Plan pays benefits only up to the reasonable and customary charge, subject to Plan benefit levels and Coordination of Benefits provisions. If the actual charge is higher than the reasonable and customary charge, you may have to pay the difference.

3. Whether your physician or other health care provider is an approved provider for the specific service or supply.

A "physician" is a legally licensed practitioner of the healing arts acting within the scope of his or her license. "Hospital" means a legally operated institution which:

- is approved or licensed by the American Hospital Association,
- provides a broad range of 24-hour a day medical and surgical services under the supervision of a staff of licensed physicians,
- is primarily engaged in providing inpatient medical treatment,
- has organized facilities for surgical and medical diagnosis and treatment, and
- has 24-hour licensed registered nurse (R.N.) service.

The term "hospital" does **not** include any institution (or part of one) that is used primarily as a:

- rest facility, or
- nursing facility or facility for the aged,
- facility for the care or treatment of drug addiction or alcoholism,
- convalescent facility,
- school, or
- facility that furnishes primarily domiciliary or custodial care.

In general, providers do not charge for completing a pre-determination of medical benefits form, claim form, or any form of this nature. However, should your provider charge for completing this form, you are responsible for the cost.
